## *Presidents Message*

The new ceiling in the ballroom is finished and it really looks great. This is just another example of our commitment to restoring our common areas. We also completed the first phase of our dam project and will be moving on to other projects.

Next up is work at the Drum Pool and the continued restoration of the ballroom. We will be redoing the walls and the floor sometime in the coming months. Seeing these projects being completed is very gratifying and all those involved should be commended.

With the weather breaking, the lake is now in the forefront of our ongoing efforts to keep it healthy and thriving. The Board works to invest in our properties to maintain an incredible place to raise a family or for retirement. I would really like to see all my neighbors throughout the community get out and pitch in to keep White Meadow Lake a picture perfect place to live. When you are walking, jogging or taking your pet out, please try to pick up whatever debris has been left throughout the winter. Keeping the streets clean is up to all of us. See you around the lake, deck and pools this year.

*Mark Kempner*

# Fishing & Boating News

***Restrictions on fishing areas are enforced year round to prevent fish hooks from ending up in the swim areas.***

## TROUT OPENING DAY

**Saturday, April 9 • 8:00 am**

## LAKE CLOSED

**The lake is CLOSED to all fishing from Wednesday, April 6 at 4:00 pm until Saturday, April 9 at 8:00 am due to the fish stocking.**

## PERMITTED FISHING AREAS

- BEACH 1 – No fishing is permitted at any time.
- BEACH 2 – Fishing is permitted from the fishing dock south of the brook and the lawn area adjacent to the handball court. No fishing is permitted at beach areas or the north boat dock.
- BEACH 3 - Fishing is permitted from the lawn adjacent to the dock and from the areas of the dock that are marked for fishing.

## FISHING REGULATIONS

As with all activities on POA property, POA members must display a current POA badge. Guests of POA members must be accompanied by the POA member and that member must have their Guest Pass Card available for WML Security to punch. All fishing regulations are NJ State Laws, not WML. **A valid fishing license is required for NJ State residents ages 16 to 70.** All non-residents of the state of New Jersey 16 years and older must have a valid fishing license. If you are trout fishing, a trout stamp is required.

For more information on NJ Fishing Regulations visit www.state.nj.us/dep/fgw/fishing.htm

## FISH TALES

By the time this newsletter is in your mailbox, anglers will have already ventured out onto WML in search of their 2016 fish. Spring can be a very productive time of the year when it comes to catching big fish and you're bound to hook up with one in WML! Also on April 9 it's the opening of trout season here in New Jersey and anglers will be casting their lines out to try and entice a wily trout into biting. This can be very fun for youngsters and adults to participate in this annual event.

When Trout are first stocked they normally will feed on pellets, they have been conditioned that way from their lives being raised at the hatchery. They can be caught using Berkeley trout dough products and anything that mimics the pelts they were fed at the hatchery. In a short time they will start to get used to their environment and that's when implementing spinners can be deadly in catching trout. Overall you can never go wrong with a night crawler of meal worm on a very small hook. Trout have very small mouths and don't require large hooks to catch. Having light tackle is crucial for success, micro rod and have it spooled with 4 to 6 lb. mono filament line.

Have fun and remember to keep it reel!

*Richie Moschella*

## ATTENTION ALL BOATERS USING WML BOAT DOCKS

I would like to offer my apologies to all of you. I know how hectic it was to secure a boat dock this year. It seems that in the last few years there have been more and more boaters requesting dock space. We had a system in place that had been working, but due to the increase in boaters we will revise the system to make it more efficient.

First, we are in the process of reviewing all our dock space to see if we can accommodate more boats. Second, we are adding more kayak and canoe racks to accommodate those that did not get a spot this year. Third, we are considering other ideas to make the registration go smoother.

To be honest, I find it is really wonderful to have a problem like this as it tells us we are doing something right. More and more residents want to get out and enjoy the lake. If you are a kayak or canoe owner and are on our wait list, you will be called should we be able to solve the shortage of space.

To all of you, thanks for the patience on registration day. I hope to see you all out on the lake and utilizing our docks. Here's hoping for a great season on the water.

*Mark Kempner*

April is here, the sun is warm and soon we will witness the miracle of Spring. We will spend part of the month discovering the changes in nature as we explore birds nests, plants, butterflies, and insects. As the children come to appreciate the wonders of nature, they will also develop a sense of responsibility to our planet as we begin our unit on Ecology. We will learn about the importance of keeping our land, air, and water clean and specific ways the children can help save the Earth.

## FESTIVAL DAY

*by Phyllis Auerbach*

remember last year, middle of summer
it sure was a nice one, it sure was a hummer
the sky was abloom, the sun was atwitter
and Festival Day had invited a visitor
who came from afar cause of all of the talkin'
and sure would have come even if meant walkin'
it was really enjoyed and plenty of fun
but would that include the tough 5K run ?
and then they were ready to race a canoe
I don't know how but they knew what to do
a brother brought sister, a sister brought brother
they're glad that they came tho one day meant another
but Sam and Nicole enjoyed it so much
there's no telling when they'll be back, I've a hunch
they told all their friends it went by in a blink
next year in Michigan, whadda ya think?

# Over 55 Friendship Club

***Senior Friendship Club President: Bruce Levy***

On our way to the Bucks County Playhouse in February, to see the play "A Taste of Things to Come," we stopped for lunch at the Triumph Brewery. We were pleasantly surprised at the many selections we had to chose from. There were assorted burgers, also grilled chicken, and our choice of anything we wanted to fill our sandwiches with. I know ours were delicious and very filling.

After having coffee, we then went to the Playhouse to watch the show. It took place in the 60's with four women wanting to make changes in their present unfulfilled lives. Since they liked cooking, they thought they might try to win a cooking contest. Before they could enter it, they had a falling out and lost contact with each other for many years. They later found each other, realized they were successful and happy without having to win a contest, but their past friendship was a source of their ability to find success and happiness. This might sound very serious, but the cast did some singing and a little dancing, and there was a lot of comic relief going on.

Thank you Bruce for all you do for our Friendship Club. Also, thanks to Lil and Jeri for all your work and Bill, you are doing a great job!

We hope to see you next time when we go to Erhardts for lunch and a mystery show and then a trip to the Villa on RT 46 for lunch and some music.

Hope to see there,

*Sid and Myrna*

## SAFETY IN WHITE MEADOW LAKE

Once again, at the Board Meeting on March 16, the topic of speeding came up. Please remember many of our children and adult community members walk, run or jog and bike ride on our streets as we do not have any sidewalks. This topic has also been brought to the attention of our police department so your speeding may result in a ticket or worse, an accident. The speed limit in all of White Meadow Lake is 25mph. Please drive safely!

## PREVENT WATER CHESTNUTS

### Stop the Transport into our Lake!

Water chestnuts grow best in shallow lakes and rivers. With their rapid reproduction they can take over a small lake in a short amount of time. As they grow, the old leaves push further down the long stem, creating a thick cluster of leaves. Their dense growth makes navigation difficult and impedes the growth of other aquatic plants. The best way to eliminate the possible invasion of water chestnuts is simple: prevention. Follow the simple steps below to keep invasive plants out of our lake.

- Check your boat, trailer, equipment, clothing, wading boots, and buckets that have come in contact with the plant.
- Remove all visible mud, plants, fish or animals.
- Eliminate all water including water in small spaces.
- Before placing your boat back in the lake, wash it and let it dry in the sun for 2-3 days.
- NEVER transport plants or fish from one body of water to another.
- Clean your boat using one of the following methods:
  - -Hot or salt water. Allow surfaces to dry.
  - -100% vinegar solution for 20 minutes.
  - -1% table salt solution for 24 hours.
