

White Meadow Lake Pre-School

Where everyday is an adventure in learning

The White Meadow Lake Pre-School is a caring, nurturing, non-pressured environment offering a wide variety of activities and good, healthy doses of fun. Our daily routine includes general and individual instruction in readiness, self-reliance skills, music, language arts, stories, dramatic play, science experiments and arts and crafts. Whether it is cooking applesauce, building a terrarium or an imaginary bus trip to the zoo, the children experience the excitement of a new adventure, or look at an old one in a different way. We not only learn, but have fun doing it.

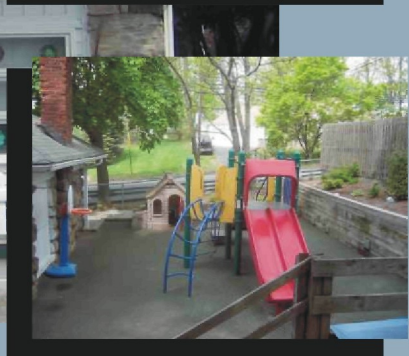

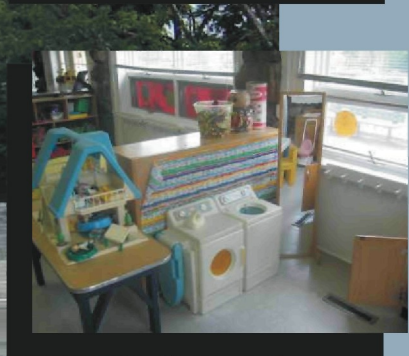

- Pre-School, not Day Care
- Located in your Community
- State Certified
- 10:1 Student/Teacher Ratio
- Low Tuition
