## President's Message

Is summer really here? No late forecasts of snow? What a year. But yes, summer is here and the camp and all our other facilities are open and in full swing. Have you been to Beach 1 and tried our new concession stand? It's been getting rave reviews. The Drum Pool has been packed every weekend.

Our staff and volunteers continue to make improvements everywhere you look. Sail boats dot the lake. Kayaking is more popular than ever and the fishing is still great. Party boats cruise the lake at a leisurely pace. Hanging on the deck and just relaxing at sundown has become a great new activity.

I can't tell you how proud I am of the overall efforts of staff and volunteers in keeping WML a really great community. We will never be satisfied with the progress we make getting our common properties into even better shape. But we do need your help. Keeping our own homes and lawns neat and clean goes a long way to making WML an even better place to live.

My personal condolences go out to the family of Mike and Donna Iardi. He lost his father in a tragic accident in June and as a past president and active member of the community, we hope he gets through this terrible time. Mike, you have done so much for the Lake over the years, we just want you to know you have our support and our prayers are with you.

*Mark Kempner*

## NOMINATING COMMITTEE MEMBERS NEEDED

This committee is appointed each year by the president, with the consent of the Board. It consists of five members and it has been the practice to exclude any Board Members. It has also been the practice of the Board to vote on the Nominating Committee members and to appoint the five receiving the greatest number of votes, the next two being listed as alternates should any committee member drop out or disqualify themselves. The member receiving the largest number of votes is appointed to be the chairperson of the committee, until the committee meets and selects its own chairperson or retains that person originally selected.

This committee interviews all persons wishing to become candidates for Executive positions and Directors for the Board where such vacancies exist. This committee makes its recommendations before a public meeting. To volunteer for the Nominating Committee, submit your name to [officemanager@whitemeadowlake.org](mailto:officemanager@whitemeadowlake.org) prior to the July board meeting, Wednesday, July 15, and be prepared to attend that meeting.

## FISH TALES

White Meadow Lake is putting on a variety show and I'm not talking about people singing and dancing! The lake is on fire producing different size and different species of fish waiting to attack your bait! This time of year as the water begins to warm up and fish look for cooler water during the day the thermocline is an aspect to pay attention to.

The best way to describe it would be if you went swimming at any of WML beach and as you get out into the deeper water you feel cool water towards the bottom and warmer water towards the top. What you're feeling is the thermocline and fish are affected by it.

The Thermocline is a small area of water that lies between the warm surface water and the deeper water that also holds little oxygen. Most of the time this small area of water is only about three feet from top to bottom. In a shallow lake like WML there are sometimes exceptions to this rule. WML depths really don't go over 11 feet and the Thermocline area is smaller than deeper lakes.

In mid-summer largemouth bass and other game fish will generally hold close to cover and/or structure near the upper edges of the Thermocline. When an angler finds the Thermocline this is great starting point for the proper depth to locate bass. A depth finder with the sensitivity turned up makes the Thermocline visible on the display. It will look like a false bottom reading on the display.

I like to use baits that fish the mid water depth like Chatterbaits, Spinnerbaits and Swimbaits to target the upper levels of the Thermocline.

Keep It Reel,

***Richie & Caitlyn Moschella***

## FIREWORKS

**Sunday, July 12**

### *It's a Matter of Safety*

White Meadow Lake fireworks will be held Sunday night, July 12 at 9:15 pm on Beach 1. Fire Marshal Craig Babcock said, "The private use of fireworks in the State of New Jersey is illegal. Public use is highly regulated with public safety as the primary concern. Fireworks would be halted or delayed in the case of high winds, dangerous weather, people inside the regulated safety zone, or other circumstances that might endanger the public."

As in the past, there may not be any boats operating or moored, including at private docks, as well as residents viewing from their lawn within 200 yards of Beach 1. While still providing a wonderful display for the community, the POA Board strives to protect all participants and will be adhering to the rules and regulations set forth by the State of New Jersey and enforced by the Fire Marshal. The members of the POA Board and Fire Marshal Babcock thank you in advance for your anticipated cooperation in this matter and hope that you enjoy the fun.

## YOU'LL HAVE A BALL

*By Phyllis Auerbach*

We're looking forward to seeing you here

Though festival day is early this year

We've lots of things we've had before

But this year we're bringing you even more

A danceathon on Friday night

Around the flagpole - what a sight

A lollapalooza on Saturday

Where any band can come and play

And don't forget on Friday night

The rides will start and it's such a delight

The climbing wall will be here you know

Let's see how high the kids can go

The lions club will have a treat

On Friday they're serving food to eat

And volley ball is on the sand

Come down Saturday and try your hand

And if you have an artistic reach

Come build a sand castle on the beach

Now don't forget we've so much more

You'll have a ball of that I'm sure

# Over 55 Friendship Club

Senior Friendship Club President: Bruce Levy

Our May trip was to the fabulous Grounds For Sculpture in Mercer county. It is a sculpture park and museum which contains 270 large scale sculptures and more are to be added annually. It was the idea of John Seward Johnson, a well-known sculptor himself, and others who had the brilliant idea to give everyone the opportunity to see these works of art. So life-like are these sculptures that from a distance you think you are really looking at actual people reading papers, resting on benches, a hot dog vender selling his wares, children playing ring around the rosie, plus the famous "Marilyn." There is so much to see it may take a few more visits to the park to see it all... Can't wait to go back!!! This is really a must-see for children and others. There even are real life peacocks on the grounds ready to pose for pictures once they see your camera pointed at them. There are lots of modern art as well as indoor exhibits for those who prefer that kind of artwork.

Thank you Bruce, Lil and Jeri for another fun day!!!

Our next trip will be Wildwood for a few days of more fun and great daily trips.

In July we will be in Atlantic City for an over-nighter at the Tropicana.

See you there,

*Sid and Myrna*
