First FTF great success. $3400

- 2nd bartender should try to come in to start at 6 if possible. It's too busy to wait until 630
- Non FTF Fridays will be 1 bartender only in June and the same for may and June 2027. This month, scheduled bartenders will work out between themselves to see if the 2nd bartender is needed. History dictates it is not busy enough unless there's trucks.
- Next FTF is May 22.
- Planning on opening on Mondays for home swim meets. Waiting to make sure we can get bartenders. Dates 6/29, 7/6, 7/13, 7/27
- Received liquor license extension for Beach 1 Party. I did notice something weird on the license – it says only 2 drinks served per person per transaction. Don't know if that's something new but maybe we should let bartenders know? Also, no pitchers which is fine:
    - "TWO (2) DRINK MAXIMUM FOR ANY PATRON PER TRANSACTION"
- No draft beer this year. Should begin planning on what we will be ordering. But still have time. Scot will not be available for the event.
- A new host has been hired as a "fill in"
- Waiting to hear back from the Treasurer regarding our ability to charge credit card fees.
- The Banquet Manager is researching Banquet Planning Software (Honeybook was suggested by the committee)

7. We will place a jug of ice water on the deck for kids. We will refill as needed. We will not provide water from the bar for kids.
8. Continued discussion regarding a portable Toast POS system to be used with the portable bar. Currently priced on sale/discount. Upon completion of discussion, we agreed to purchase it.
9. The committee discussed the low attendance at the Beach Party and the decision by House Activities to hold the event rain or shine. The Bar and Rental Committee will continue to evaluate whether providing bar service at future Beach Parties is feasible. At this time, the significant effort required to create and operate a bar at Beach 1 does not appear to be financially beneficial.

Several options were discussed for future Beach Parties, including:

- Whether the ballroom should remain available as an indoor backup location in the event of inclement weather.

- Whether a designated rain date should be established.
- Whether a minimum attendance requirement should be implemented, with the understanding that the event may be canceled if the minimum headcount is not met.

These items will remain under review by Bar and Rental as the House Activities committee considers these recommendations for future Beach Party events.

10. All food trucks events were very successful this year.
11. Festival Day alcohol ordering will take place in the coming weeks.

Bar & Rental Meeting Minutes

9/2/2026

Start time: 7pm

Chairs: Scot Desort and Mike Stocknoff
Officer in Charge: Roger Crook

In attendance: Scot Desort, Charlie Bogusat, Mike Ilardi, Scott Rothbart, Steve Koenigsberg, Patrizia Trento, Nelson Vargas, Tom Alameda, Francesca Nieves, Lisa Dispenza.

1. Ordered handheld POS terminal, possibly use for car show. Can we use it for Women's Club fall festival (hoodies, beanies etc.)?
2. Did well on karaoke night.
3. Events for this year – 61 rentals
4. Want to purchase a portable speaker to offer to renters between $550-$800. Committee suggests no rental fee, but a deposit. Committee approves. Scot will pick the unit.
5. Car show reservations going well.
6. Will F/U with Colella re: new AC unit quote for west ballroom.
7. Mike I asked for committee approval to donate ballroom space to the Substance Abuse Alliance for a bingo event on April 17, 2027. Committee approved, and Mike will bring it to the board.
8. Women's Club teen room rental discussion. Concerns about policing guests/children upstairs. Banquet Mgr. feels we would need a separate host for the room as an addon to a ballroom rental. A standalone rental fee would not cover hostess and maintenance for cleaning. Suggestion to open to non-WML residents as well. Francesca will take a variety of ideas back to WC for edits.
