

Beach Committee – 11/11/20

Attendees: Ami Nickel, Steve Koenigsberg, Glen Katz, Charlie Bogusat, Michelle Cromwell

Start: 7:11 pm

End: 7:50 pm

Discussion:

-Ami has been looking into vendors for new umbrellas for life guard stands. No rush on order but want to have ready to go before season.

-Discussed need to find a very qualified Beach Front Manager for next season. Ads are going out this week from Club House. Michelle Cromwell volunteered to help spread the word with Athletic Directors and swim contacts at the Y. We are looking to find someone that will not only handle the scheduling but will work with the staff on a daily basis to improve their abilities and readiness in case of an emergency.

-Beach 1 has some electrical issues with the back lights by the hand ball courts. Charlie is getting estimates for the work to install new LED lights and will get back to the committee.

-Discussed the need for the new storage shed at the Drum Pool area for the storage of pool supplies closer to the pool. Charlie is checking with the town on the requirements for foundations based on the size we decide to go with. Kurt and staff will prepare the base in advance. Suggested size is around 10x12 – as no electric to the shed will need to have skylight / window to allow external light in when staff are accessing.
